

Hugaton Siberians

Puppy Reservation and Purchase Contract

This is a sample puppy agreement. Do not sign / return this agreement. You will receive a customized copy of this agreement with the details of your puppy to sign and return.

AKC Registration:

We guarantee all our puppies are purebred and registrable with the AKC (American Kennel Club). At time of pick-up of your puppy, you will receive the AKC registration papers. All standard AKC registrations are limited.

Hugaton Siberians fills out and provides the proper AKC registration paperwork. It is the buyer's responsibility to pay registration fees to AKC if they want to complete registration with AKC.

Full AKC registration is available at an additional charge but limited to approved buyers. We are proud of our work with our puppies and because of that, anyone purchasing full registration will be required to use "Hugaton Siberians" in the AKC registered name (i.e. YourPuppyName of Hugaton Siberians). We appreciate anyone purchasing limited registration to also include "Hugaton Siberians" in the registered name.

Reservations, Deposits & Pick-Up (Final) Payments:

You can choose a puppy from our pictures posted (AKC website, our website, Facebook or Instagram). It might be possible for you to meet us in a 100-mile radius of Hugoton, KS to select your pup in person (i.e., at our veterinarian in Liberal, KS during one of the puppy's routine visits).

We take the health of our puppies (and our own) very serious. In person meetings might be delayed or not possible as we monitor current world health concerns. If meeting in person, we require all parties to wear facial masks (we can provide if needed) and use hand sanitizer before touching any puppies.

Deposits can be paid through cash, cashier's check, Venmo or a personal check. If using a personal check, the receipt will not be provided, and reservation is not confirmed until your check clears. Pick-Up (Final) payment to be made by cash, Paypal or Venmo.

All deposits are non-refundable.

Puppy Reservation and Purchase Contract

Pick Up & Delays:

Puppies will be ready for their forever homes once they reach the age of 8 weeks. NO EARLY PICK-UP EXCEPTIONS. A pickup or delivery date is discussed at the time a deposit is provided for the puppy. If more than two weeks pass from arranged pickup date without contact from Buyer, the deposit is retained by the Breeder and the sale of the puppy is forfeited by the Buyer.

If Buyer requests an extended delay before picking up the puppy, additional charges might be assessed is applicable (i.e., Veterinarian visits, routine treatment and/or boarding fees).

Rights of the Breeder:

The breeder has the right to refund the deposit and cancel the sale if the puppy is found to be unsound or if the Buyer is determined unfit to own a dog at the breeder's discretion.

Micro-Chip:

All puppies will be micro-chipped before pick-up. Registration details will be provided to Buyer to complete registration in Buyer's name. We use Fi Nano microchips and lifetime registration is included.

Buyer's Responsibility:

Buyer agrees to take pup to the vet within 72 hours of pickup for a checkup. If not done, buyer clears seller/breeder of all liability. If within 72 hours the buyer's veterinarian discovers a chronic or serious health problem with the puppy, immediate proof of medical exam and diagnosis by the veterinarian is required. The vet will need to provide the breeder with all test results and diagnosis in WRITING. Once the breeder's vet of choice verifies the defect, the pup will be returned to the breeder/ seller and exchanged for a dog of equal value when produced. Expenses of returning the dog to the breeder is the sole responsibility of the buyer.

Rehoming, Re-selling and Shelters:

If the original Buyer cannot keep the puppy/dog for any reason, buyer must notify Breeder by phone or writing of their intentions. Breeder will choose to either house the dog until a home is found or assist buyer in interviewing / screening new owners for the dog. Under no circumstances shall dog be surrendered to an Animal Shelter, sold / given to a pet store, or pet dealer for re-sale, or sold to any animal testing/ research facility. This puppy/ dog is NEVER to be used in any type of dog fighting.

Puppy Reservation and Purchase Contract

Health & Warranty:

We warrant that to the best of our ability and knowledge we have produced a healthy puppy. We have devoted much time, money, and energy to produce the best puppy possible. We follow all currently accepted health practices regarding sanitation, health screenings, de-worming, and vaccinations under the advice of our veterinarian. Even with the best breeding programs at time unavoidable defects and problems may occur.

Tied in with the Buyer's Responsibility above, we only warrant health for 72 hours. We do not warrant any other issues that may occur. No guarantee is made to disposition, conformation, size, weight, eye color, color markings, or show or breeding ability as most of these can change while your pup matures.

The stress of moving and separation will reduce the immune system. We do not warranty against normal puppy hood ailments such as roundworms, pin worms, whip worms, hook worms, heart worms, tape worms, ring worms, fleas, sores from fleas, ticks, ear mites, ear infections, dry skin, sores from other puppies chewing on them, or cherry eyes, as these at time can be unpreventable.

We are proactive in the health care of all of our Huskies. Each has received up to date immunizations and preventive treatments for worms, giardia, and coccidia. However, all puppies are considered high risk for coccidia and giardia and other intestinal bacteria and parasites, and preventive treatment is no guarantee that none of these issues will appear. These are often brought on by the stress of travel, a new home and environment, a diet change, new people and playmates, a change in climate, etc. These health issues are not generally serious (even when some blood &/or mucus shows up in the stool) and are easily treated, and this guarantee does not cover the cost of treatment for any of these conditions.

Our vet checks for hernias, in the event that these will need to be removed by our vet's discretion (PRIOR to pick-up date) this will be at the seller's expense. We do not warranty our vet's hernia removal. AFTER pick-up occurred, we will NOT be held responsible for hernia REMOVAL if found by the new owner's vet inspection. This will be at the expense of the new owner for hernia removals. As far as undescended testicles we do not warranty for them to drop.

Your puppy will come with a health record from our veterinarian showing all treatments received to date.

Taking your pup out in public, trips and self-medicating:

We highly recommend that for the first 2 weeks of having your puppy, that you would not take your puppy out to a lot of events involving large crowds or a lot of people, transport your puppy to another state (besides your trip home) or overseas in a plane, transport your puppy in your personal car on many trips, even a family get together can put a lot of stress on a new puppy.

Unfortunately, puppies do not handle stress very well at all at this age, this is a change in their lives from living with their mom, their environment they knew for 8 weeks of their lives, transportation, change of

Hugaton Siberians

Puppy Reservation and Purchase Contract

climate in each state, and new family members. Stress level is extremely high at this time of their life, puppies at this age is like a 3-month-old baby and needs lots of tender care and attention but not over handling.

If your puppy stresses out it is due to their immune system going down and we highly recommend you speak to your vet and let them know that I recommended Albon, which can only be purchase from a vet.

Ligation:

In the event of any litigation in connection with this contract, the SELLER will be paid reasonable attorney fees by the Buyer. Venue and jurisdiction for litigation arising out of or related to this contract shall lie exclusively in Stevens County, Kansas.

Details of your Puppy *(Note that Color (coat & eye) and markings can change as your puppy matures):*
